PREMIUM, AT EVERY PRICE POINT

A stone to suit your style. A price to suit your budget.

Alpha Surfaces' pricing is structured into 5 collections — Collection 01 through Collection 05. Each collection has been curated with colours, textures and patterns tailored to the Australian market — and to meet every specification, style and budget.

01

Classic neutrals with textures from fine particles to subtle grains.

02

Most sought-after surfaces, from pure white to organic neutrals.

03

Sophisticated stone styles with subtle veining; includes Indoor-Outdoor range.

04

Authentic natural-stone recreations with bolder veining and luxe textures.

05

Ultra-realistic styles with layered pigments using 3D Through-Slab Veining.

The complete surface solution.

Alpha Surfaces is a premium Australian benchtop brand built on a solid foundation of leading innovation and a wealth of industry expertise. Cutting-edge technology delivers mineral stone surfaces of unmatched durability and practicality, with natural-stone realism and contemporary sophistication.

Developed using an advanced zero silica formulation, Alpha Surfaces is engineered from premium minerals and recycled materials to deliver exceptional durability, enhanced translucency, and superior aesthetic performance.

“At Alpha Surfaces, we deliver a complete surface solution that redefines the standard for benchtops in Australia — beautiful, durable, low maintenance, safe, and sustainable.”

Belinda Kelaher, Managing Director
